Pile turner, different types

E-Modell

VB-Modell

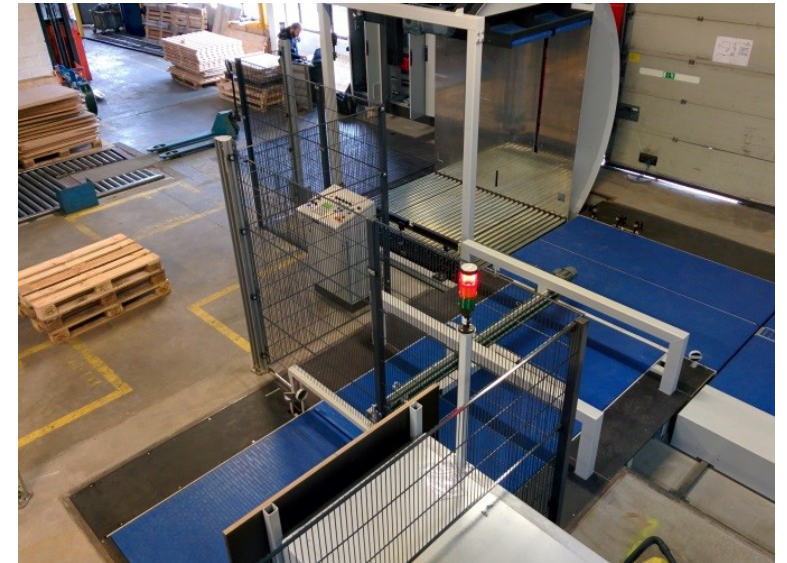

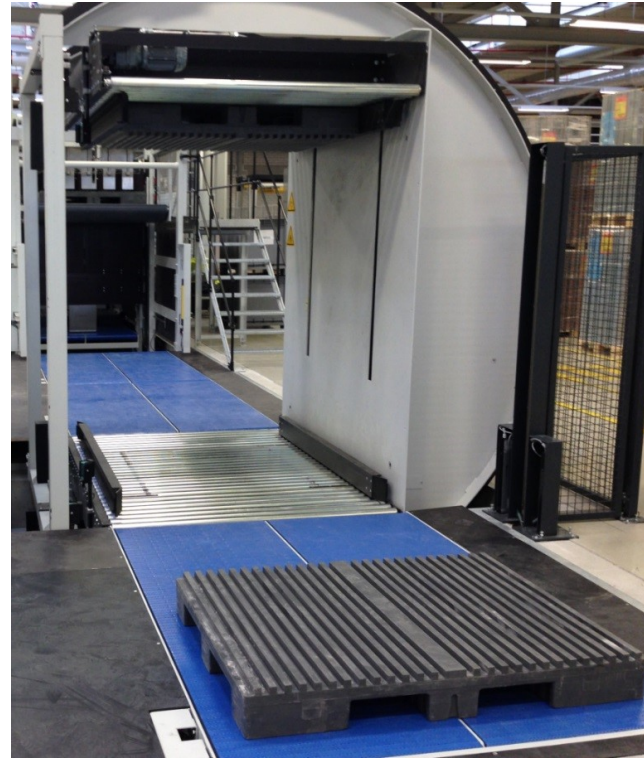

VBH-Modell

Pile turners with conveyors for Integration into automatic logistic systems

Pile turner with roller conveyor and plastic belt conveyor

Pile turners with integrated logistics offer highest flexibility for integration into fully automated pile handling systems

Pile turners with integrated pallet dispensers and collectors

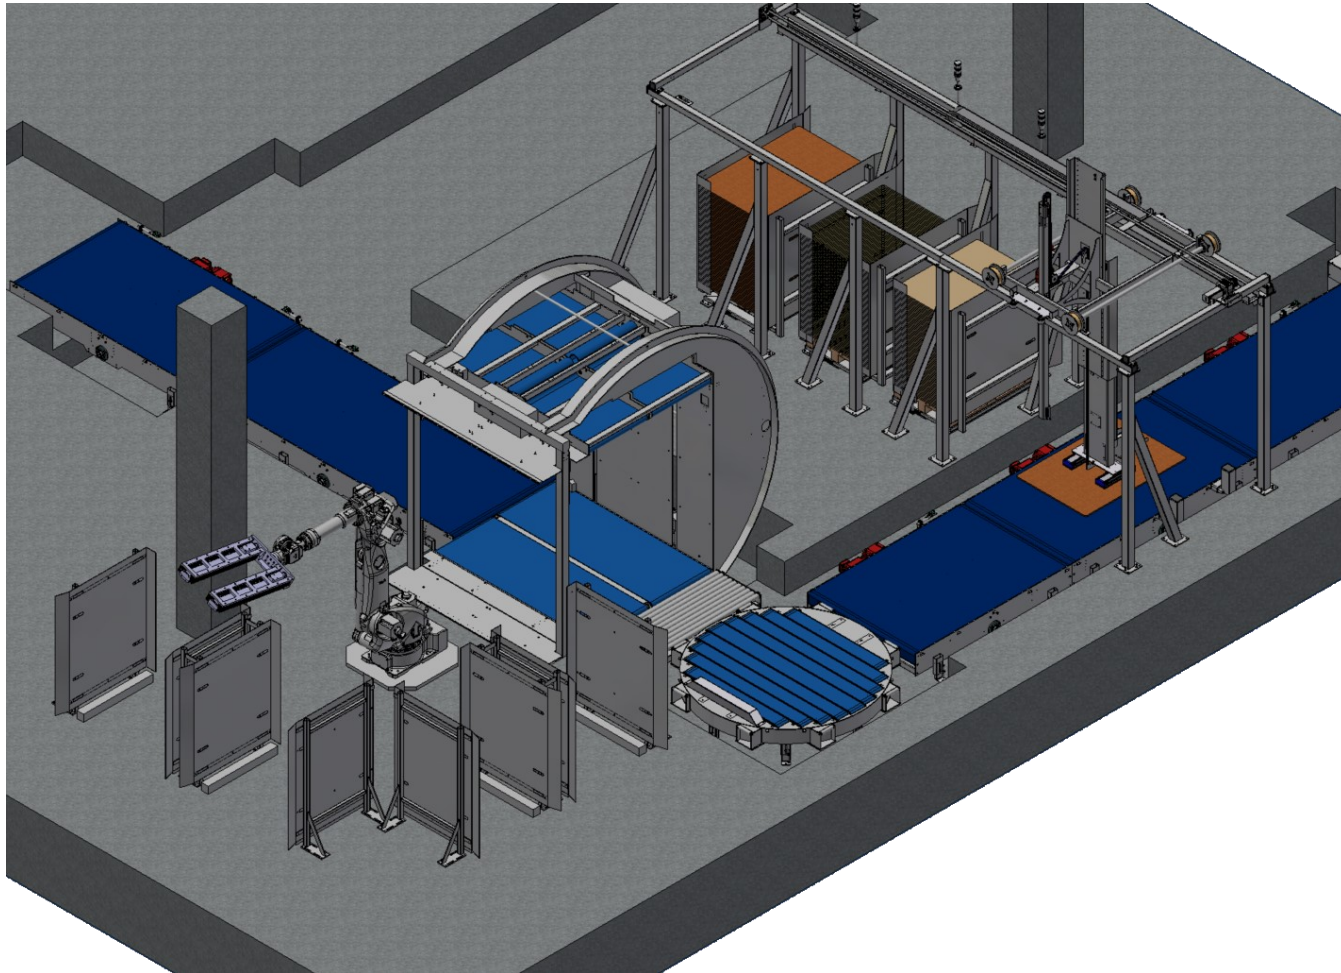

Most useful for printing machines with a non-stop feeding system where sheet piles need to be transported to the feeder on plastic system pallets

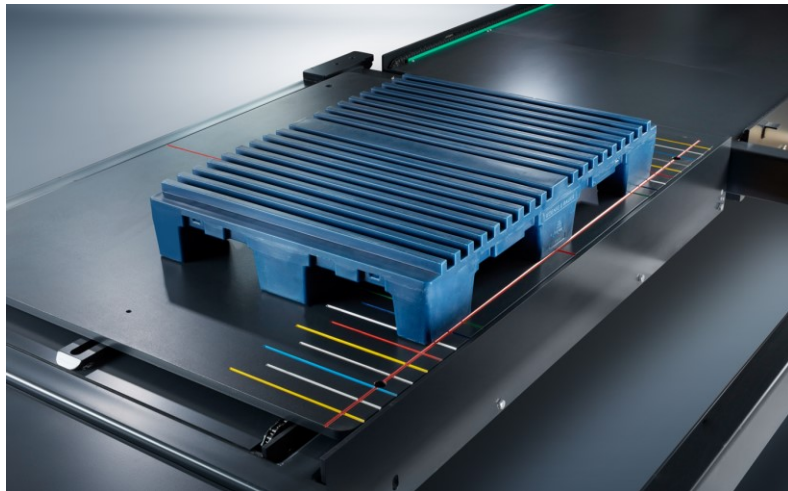

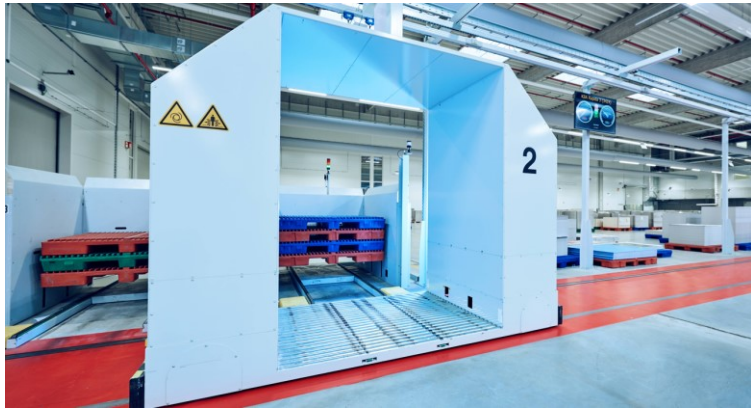

Innovations 2020 / 2021

New at product portfolio

Pile turner E230KTBF/KTBF for
Format 3B & Format 6
Insertion of the empty pallet in the
centre of the paper stack by means of a
robot

Placing a plate on the stack by means of
plate handling
